

# North Dakota Weather Net Preamble

CQ CQ CQ The NORTH DAKOTA Weather and Road Information Net. This is \_\_\_\_\_ (Call) Net Control for this session.

My Name is \_\_\_\_\_ and I am located in \_\_\_\_\_ (City/State).

This Net is part of the ARRL National Traffic System and operates Daily Monday Through Saturday at 8:30 and 12:30 Central Standard Time on this frequency of 3935 KHz.

We meet for the purpose of handling traffic, weather and road information in the upper Midwest and the promotion of the enjoyment of Amateur Radio. We will handle traffic according to priority. We will assist any station to the extent we can. All check-ins are welcome. This is directed net. Please do not transmit unless invited to do so by the Net Control station.

Please carefully tune to my frequency and check in by the use of your call sign only. All stations are asked to remain on frequency until roll call is over unless otherwise excused. Thank you for following these procedures while participating in the ND Weather and Road Information Net. Once Again this is your NCS \_\_\_\_\_ (Your Call)

***DO WE HAVE ANY STATIONS WITH TRAFFIC? (Handle traffic, emergency, priority, routine as necessary)***

**Mobiles, Low Power, Portables or Remote Stations?** \_\_\_\_\_

Stations on Short Time **A Alpha** through **L Lima** \_\_\_\_\_

Stations on Short Time **M Mary** through **Z Zulu** \_\_\_\_\_

## **Regular and General Check-ins**

**ABC DEF GHI JKL MNO PQR STU VWX YZ**

(Go Through general comments for each station in the order you wish. At the end of the net, ask for anything else for the net and close for the net). This is \_\_\_\_\_ (Your Call) net control for this session. Thanks for checking in to the net. This net is now closed.

## **Notes for the Net Control Station**

Keep list and number of check-ins - go through list for informal comments. Identify yourself and the net frequently, at least once every 10 minutes. Part way through informal comments, ask for further check-ins.

At end of net keep the following information for the monthly summary to ND Traffic Manager. The monthly number of sessions, total number of check-ins, number of messages relayed or passed.

**Date** \_\_\_\_\_, **# of Sessions** \_\_\_\_\_, **Total # of Check-ins** \_\_\_\_\_,

**Total # of Traffic Messages** \_\_\_\_\_ (include one for your report to me) 1/23/2012

# Dakota Amateur Traffic Net Preamble

CQ CQ CQ The Dakota Amateur Traffic Net. This is \_\_\_\_\_ (Call) Net Control for this session.

My Name is \_\_\_\_\_ and I am located in \_\_\_\_\_ (City/State)

This Net is part of the ARRL National Traffic System and operates daily Monday through Saturday at (5:00 PM Central Standard Time) – (6:30 PM Central Daily Standard Time) on the frequency of 3937 KHz.

We meet for the purpose of handling traffic and promotion of the enjoyment of amateur radio. We will assist stations any way that we can. We will handle traffic according to precedence. All check-ins are welcome. This is a directed net. Please do not transmit unless directed to do so by net control. Please carefully tune to my frequency and check-in by the use of your call sign only. All stations are asked to remain on frequency until roll call is over unless excused. Thank you for your courtesy in following these procedures while participating in the DAKOTA AMATEUR TRAFFIC NET.

Once again, this is \_\_\_\_\_ (Your Call) net control for this session.

***DO WE HAVE ANY STATIONS WITH TRAFFIC? (Handle traffic, emergency, priority, routine as necessary)***
